Reviews

This ebook could be well worth a study, and superior to other. It really is basic but unexpected situations inside the 50 % of your ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

' Provides the basic knowledge of medical language that students need to communicate clearly and understand communication from other health care team members. This easy-to-use book offers clear presentations of medical terms that are sometimes not covered in other texts. It also reviews anatomic terminology. A wealth of exercises help students memorize word parts and their meanings so they can confidently combine parts to form medical terms . Vivid, full-color page design and full-color illustrations emphasize terms to be learned, bring content to life, and make learning easier . more valuable learning tools than any other medical terminology book . Comprehensive coverage distinguishes between terms built from word parts and those not easily recognized. Systemic presentation of medical terminology provides a foundation of word parts and shows how words are built by combining the parts, giving students a set of skills to recognize and define new words as they encounter them . A consistent color key uses different colors to represent sections on diagnostic, pathology, and pharmacy terms, setting these sections apart and making them easy to locate within a chapter. Terms and abbreviations. . Chapter outlines at the beginning of each chapter communicate chapter content at a glance and allow readers to find a specific topic quickly . Function sections...
